

FS240-1

FLASH VERTIX

EN361 EN358
EN813

The FALL SAFE® FS240-1 - FLASH VERTIX HARNESS, was developed for ladder climbers. With 2 front ladder loops, its design allows a comfortable work. In case of a fall, the zig zag stitches will open and the lower loops will rise until the chest, avoiding back injuries.

It's fully adjustable with increased comfort for the most intense work at heights in any hanging direction. Extremely easy to wear, this harness opens totally, allowing it to be dressed as a jacket.

The airflow through all the harness layers is assured by the new and improved Croc 3.0 padding. This innovation also allows for a lighter and more ergonomic final product, that is extremely comfortable for use for several hours.

SIZE - EAN CODE	S/M - 5605423571233 L/XL - 5605423571240 XXL - 5605423571257	SPECIFICATIONS
