

FS242

LITE HARNESS

EN361

The FALL SAFE® FS242 - LITE HARNESS is the best selling ultra light harness. With low leg straps for improved comfort, this harness has a unique design and new impact resistant plates at its sides, to allow a comfortable fitting. The airflow through all the harness layers is assured by the new and improved Croc 3.0 padding. This innovation also allows for a lighter and more ergonomic final product, that is extremely comfortable for use for several hours.

With reflective and extra breathable fabric, the FS242 combines the lightness of its composition with the FALL SAFE® quality assurance.
